

TSMC Job Openings

Function	No.	Position	Location	General Requirements
Process R&D	R01	Advanced Device Engineer	Hsinchu (Taiwan)	Engineer Position 1. Master or PhD in EE, Physics, Chemical Engineering, Chemistry, Materials or related field. 2. 2-3 years of related working experiences is preferred. 3. Fluent in English and Mandarin is preferred Manager Position 1. Master or PhD in EE, Physics, Chemical Engineering, Chemistry, Materials or related field. 2. Minimum 6 years of related working experience 3. Fluent in English and Mandarin is preferred
	R02	Advanced Integration Engineer		
	R03	Advanced Module Engineer/Manager(Litho/Etch/CMP/Epl)		
	R04	Advanced Node SPICE Modeling Engineer		
	R05	EUV Technology Development Engineer		
	R06	OPC Engineer		
	R07	Multiple E-Beam Engineer		
	R08	CMOS Image Sensor Engineer		
	R09	BEOL Metallization Integration Manager		
	R10	Defect Manager		
	R11	Design Rule Manager		
	R12	SRAM Development Manager		
	R13	Dual Epitaxy Loop Development Manager		
	R14	TCAD Process Calibration Manager		
	R15	Advanced Logic Device Integration Manager		
	R16	Nano Patterning Technology Manager		
IC Design	D01	Layout Engineer/Manager	San Jose, Austin (US)	Engineer Position (Taiwan) 1. Bachelor or above degree in EE, CS or related field. 2. Working experience in related fields is a plus. Engineer Position (US) 1. Bachelor or above degree in EE, CS or related field. 2. Minimum 5 years of related experiences. Manager Position 1. Bachelor or above degree in EE, CS or related field. 2. Minimum 8 years of related experiences.
	D02	Automatic Place & Routing Engineer/Manager	Hsinchu (Taiwan), San Jose (US)	
	D03	Techfile/PDK Technical Engineer/Manager	Hsinchu (Taiwan), San Jose, Austin (US)	
	D04	Advanced Design Flow Development Engineer/Manager		
	D05	Timing Engineer/Manager	Hsinchu (Taiwan)	
	D06	Standard Cell Library Design Engineer		
	D07	Design Application & Support Technical Manager		
	D08	Memory Design Engineer		
	D09	RFIC Design Engineer		
	D10	IP Engineering Manager		
Manufacturing	M01	Litho Technical Engineer/Manager	Hsinchu, Taichung, Tainan (Taiwan)	Engineer Position 1. Master or PhD in Material Science, Physics, Chemistry, EE or related field. 2. Fluent in English and Mandarin. Manager Position 1. Master or PhD in Material science, Physics, Chemistry, EE or related field. 2. Minimum 6 years of related experiences. 3. Fluent in English and Mandarin.
	M02	Etch Technical Engineer/Manager		
	M03	Epitaxy Technical Engineer/Manager		
	M04	CMP Technical Engineer/Manager		
	M05	Specialty Technology Manager(CIS/e-flash/HV)	Hsinchu, Tainan (Taiwan)	
	M06	Advanced Hardware Development Manager		
	M07	Design For Test Engineering Technical Manager	Hsinchu (Taiwan)	
	M08	FinFET Device Technical Manager		

Function	No.	Position	Location	General Requirements
Q&R	Q01	Advanced Reliability Technical Manager	Hsinchu (Taiwan)	Engineer Position 1. Master or PhD in Material Science, Physics, Chemistry, EE or related field. Manager Position 1. Master or PhD in Material science, Physics, Chemistry, EE or related field. 2. Minimum 6 years of related experiences.
	Q02	System Reliability Technical Manager		
	Q03	Packaging Reliability Technical Manager		
	Q04	Failure Analysis Engineer/Manager		
	Q05	Quality System Technical Manager		
	Q06	Incoming Materials Technical Manager		
	Q07	Metrology Technical Manager		
	Q08	Materials Analysis Engineer/Manager		
Business	B01	Senior Marketing Manager(CPO)	Hsinchu (Taiwan)	1. Master or PhD degree is a plus. 2. 8-10 years of related experiences in high technology industry is preferred.
	B02	Revenue Planning Engineer(CPO)		1. Master in Industry Engineering, Accounting, Finance or Business. 2. Related experiences in Accounting, Finance or Business. 3. Skilled in numerical analysis or statistics.
	B03	Pricing Engineer(CPO)		1. Bachelor or above degree in Engineering, Science or Business. 2. Minimum 3 years experiences in pricing, PM or engineering in semiconductor industry.
	B04	Industrial Engineer(CPO)		1. Master in Industrial Engineering 2. 2-3 years of related experiences is preferred.
	B05	Investor Relations Specialist/Manager(Finance)		1. MBA graduate. 2. Minimum 4-5 years experience in Finance or Accounting. 12 years experience for managerial position is required. 3. Excellent communication skills both in English and Mandarin(especially sensitive to language and choice of words) 4. Excel in quantitative modeling/work well with numbers) 5. Good command of verbal presentation skills with acute business sense.
	B06	Corporate Finance Associate(Finance)		1. Master in Business, Finance or related field. 2. Banking, financial securities industry or corporate finance related experience is required. 3. Good command at English
