Senior Solidworks Industrial Designer (Gardena, CA)

ALCO Designs is a manufacturer of merchandising displays catering mainly to the Supermarket Industry. The Senior Industrial Designer is responsible for him/herself and a small team. Together you will be designing and developing innovative and quality displays that strive to create inspiring designs that challenge the market place, while developing around manufacturing and financial constraints. At ALCO We manufacture displays out of Plastic, Wood, Steel and Wire. Knowledge of these materials and mainly thermoforming plastics and its capabilities and limitations is a plus.

3+ years of experience utilizing Solidworks software and how to create parts, assemblies and their respective BOM's is required. Please have competence in a variety of 2D and 3D software; Knowledge of CNC machining Software a must.

Please submit your resume for immediate consideration

compensation: **DOE**

employment type: **full-time**
